"THE BROTHER OF THE BRIDE."
I'm mighty sorry Sister Sue
Got married like she did,
I wish she'd put her weddin' off
A year or two instid,
Of course for them it's mighty fine,
They're as happy as can be,
But since they've went an' got tied up,
Things ain't the same for me.
I never git no quarters now
From him fer tellin' lies;
Sis never hands me dimes no more
Per simply lookin' wise,
I often ketch 'em holdin' hands,
Their secrets still I learn,
But since the preacher married 'em
They jes' don't give a dern.
I tell you what, it's mighty hard,
To be without no cash,
An' have no way fer gittin' some
From yer big sister's nash.
'Course marriage fer the bride and groom
Is 'pose is nice enough,
But fer the brother of the bride
It's sometimes mighty tough.

He Learned a Great Truth.

It is said of John Wesley that he once said to
Misses Wesley: "Why do you tell that child
the same thing over and over again?" "John
Wesley, because once telling is not enough." It
is for this same reason that you're told again and
again that Chamberlain's Cough Remedy cures
colds and grip; that it counteracts any tendency
of these diseases to result in pneumonia, and that
it is pleasant and safe to take. For sale by J.
Jas. Wood & Son.

CLIMATIC CURES.

The influence of climatic conditions in the cure
of consumption is very much overdrawn. The
poor patient, and the rich patient, too, can do
much better at home by proper attention to food
digestion and a regular use of German Syrup.
Free expectoration in the morning is made certain
by German Syrup; so is a good night's rest and
the absence of that weakening cough and debili-
tating night sweat. Restless nights and the ex-
haustion due to coughing, the greatest danger and
dread of the consumptive, can be prevented or
stopped by taking German Syrup liberally and
regularly. Should you be able to go to a warmer
climate, you will find that of the thousands of con-
sumptives there, the few who are benefited and re-
gain strength are those who use German Syrup.

LIZZIE EVANS IN "AT COZY CORNERS."
"At Cozy Corners," in which Miss Lizzie Evans
is to be seen here this afternoon and night, is
described as a play which bears out its com-
fortably sounding title inasmuch as it tells a
story that is absolutely pure in its moral. "At
Cozy Corners" is not a "farm" play. Its story
surrounds the doings of the denizens of a New
England town, the principal scenes being laid
in and around their little Congregational Church.
Miss Evans' support has been complimented else-
where as a fine company of players. Reserved
seats on sale at Ray's Drugstore.

The bill of exceptions in the Caleb Powers

which perfects the record for appeal. Mr.

he had no money. He immediately gave his
check for the cost, which was \$750.

The readers of this paper will be pleased to learn
that there is at least one dreaded disease that
science has been able to cure in all its stages and
that is catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical profes-
sion. Catarrh being a constitutional disease, re-
quires a constitutional treatment. Hall's Cat-
arrh Cure is taken internally, acting directly
upon the blood and mucous surfaces of the system,
thereby destroying the foundation of the disease,
and giving the patient strength by building up the
constitution and assisting nature in doing its work.
The proprietors have so much faith in its curative
powers that they offer one hundred dollars to
any case that it fails to cure. Send for list of test-

AT FRUIT DISPLAY.

ns For Kentucky's Exhibit
Are Well Under Way.

IPMENTS WILL BE MADE DAILY.

cleas to Be Formed From All
kinds of Fruits In Glass and From
Cold Storage—Every County
Asked to Send at Least One
Barrel of Its Best Apples.

entucky's fruit display at the
d's Fair will equal that made by
other State in the Union. If the
fruit growers of Kentucky follow the
directions of Mr. M. F. Johnson,
Chairman of the Horticulture Commit-
tee of the Kentucky Exhibit Associa-
tion. Mr. Johnson, as President of the
Kentucky Horticultural Society, is one
of the best-known men connected with
the fruit growing industry in the State.
His ability along this line is recog-
nized by all and his energy is the
wonder of many.

Mr. Johnson is not allowing any
grass to grow under his feet in push-
ing the work of his department. Early
in the year he appointed a special
committee covering the fruit growing
section of the State, and to the mem-
bers thereof gave specific instructions
as to the collection of specimens for
the Horticultural Exhibit from Ken-
tucky at the Exposition. It is Mr.
Johnson's purpose to be ready at the
opening of the Fair with fruits in
glass and from cold storage, and to
supplement this daily with fresh fruit
shipped from different parts of Ken-
tucky to him in the Horticulture
building.

Mr. Johnson was able to secure the
heartly co-operation of a number of
well-known fruit growers in preserv-
ing in glass the different berries. He
is now calling on men identified with
the Exhibit Association in every coun-
ty in the State for apples and pears
especially, to be placed in cold stor-
age until the first of next May. In
his circular letter on this subject, Mr.
Johnson says:

"We want fruit from every county
in the State. Many counties grow but
little fruit, yet they have great pos-
sibilities in that line. Show samples
of your best, induce fruit growers to
come to counties and locate. Fruit
growers are of necessity permanent
citizens and taxpayers, for they must
own their homes. When they trans-
form your worn lands and your forests
into orchards the value of the real
estate is enhanced immeasurably. All
that is needed is two or three willing
workers in every county and every
county will be represented. The work
will not be great and the knowledge
that your county is represented in the
greatest show the world has ever
known will repay you for all your
trouble. Any county can send in at
least one barrel, and others should
contribute several barrels. The show
continues for six months and these
apples (and pears also) are wanted
for cold storage purpose, so as to have
a continuous display throughout the
entire time. We must have these
from the crop of this year, as next
year's crop will not mature in time.
Put only fruit ripening at the same
time in the same package.

"We cannot keep successfully fruit
that ripens earlier than the Maiden
Blush apple. Peaches won't keep.
Select only perfect specimens, as to
size, shape, color and condition. Wrap
each specimen in paper separately—
avoid bruising—pack them in barrels
carefully, mark thereon the name of
variety, the name of the grower and
address. If more than one variety is
packed in the same barrel, please place
paper between the varieties and mark
each as above. A roll of honor will be
published at the end of the show, giv-
ing the name and address of all who
contribute fruit and also the names of
those who gather up these displays.
When the great wall of Jerusalem was
built so perfectly in so short a time
the reason given was: 'The people
had a mind to work.' So now if the
people have a mind to work we will
astonish the world at St. Louis with
our fruit display."

Mr. Johnson has asked all to whom
he sent circulars to notify him at
once that they will collect the fruit
for their county. Upon receipt of such
notification he will issue full instruc-
tions. He thinks it will be absolutely
necessary for the fruit to be sent di-
rect to St. Louis this Fall for cold
storage, from which plant it may be
withdrawn in such quantities and at
such time as needed.

Mr. Johnson has in mind numerous
attractive designs for best displaying
Kentucky fruit and all citizens of the

SOME BECKHAM APPOINTMENTS.

Speaking of Beckham's appoint-
ments, few are on the inside of the
appointment of the Elliott county
member of the state board of equaliza-
tion. The inside facts are, Chairman
Allie Young made his boy Beckham,
over whom he had fatherly control at
that time, appoint his good friend,
John Mannin, a member of the board.
Mannin had been a member of the Tol-
liver band of feudists in Rowan coun-
ty, of which the Youngs were mem-
bers and chief advisers, and was shot
in the hand in one of the battles. It
turned out that Mannin was disquali-
fied by the fact that he can neither
read nor write. But a way was made
that his disqualification by lack of
education should not disqualify him
from drawing a part of the pay, so
Allie had Beckham to permit Mannin
to furnish a substitute in the person of
one-handed, red-headed John Flannery,
of the same county, and the latter got
50 per cent of the emoluments and
Mannin the other half.

Do Good—It Pays.

A Chicago man has observed that "Good deeds
are better than real estate deeds—some of the lat-
ter are worthless. Act kindly and gently, show
sympathy and lend a helping hand. You cannot
possibly lose by it." Most men appreciate a kind
word and encouragement more than substantial
help. There are persons in this community who
might truthfully say: "My good friend, cheer up.
A few doses of Chamberlain's Cough Remedy will
rid you of your cold, and there is no danger what-
ever from pneumonia when you use that medicine.
It always cures. I know it, for it has helped me
out many a time." Sold by J. Jas. Wood & Son.

The total income of all American farmers last year was about \$5,500,000,000.

The farms of the United States cover 841,000,000 acres and employ nearly 10,500,000 people.

Examinations for male teachers in the Philippines will be held throughout the United States on October 19th and 20th.

On account of yellow fever, Judge Burns, at Arado, Tex., has ordered the release of all federal prisoners in the jail there.

Colonel Leonidas William Spratt, who was one of the surviving members of the South Carolina secession convention, died Sunday at Jacksonville, Fla.

That the famous Ferris wheel has been rescued from the junk pile and will be taken from Chicago to the St. Louis Exposition is now believed to be an assured fact.

George Warner, the sixteen-year-old son of George Warner, in the Louisville jail charged with the murder of Pulaski Leeds, died at Logansport, Ind., of grief over his father's deed.

Collector of the Port Stranahan has just received what is said to be the largest single contribution to the "confidence fund" on record at New York. It amounted to \$206.70 and came from Boston.

Steamship agents are determined to break the levee labor tieup at New Orleans. An agent has started North to secure 2,500 laborers. Fourteen big ships are now idle at the wharves, with 20,000 bales of cotton on the bank ready for shipment.

The long-deferred trial of Prof. Samuel F. Ladgley's aerodrome took place at Widewater, Va., and was a decided failure. The big flying machine sped rapidly along its seventy-foot track, was carried by its own momentum for a hundred yards and then sank gradually into the Potomac river.

**"I sleep well enough at night,
And the blindest appetite
Ever mortal man possessed."**

Riley's farmer is the very picture of a man advanced in years, yet in the enjoyment of perfect health. A good appetite, this good digestion and sound sleep, are the chief factors in a vigorous old age. Life is sustained by food, when it is properly digested and assimilated. When digestion fails, there is a loss of nutrition which soon shows itself in physical weakness, nervousness, sleeplessness, etc.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It strengthens the body in the only way possible,—by enabling the assimilation of the nutrition extracted from food.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

The Common Sense Medical Adviser, 3008 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. J. C. Pierce, Buffalo, N. Y.

River News

The river is rising slowly.

Price's floating palace is on the Ways at Paducah.

Repairs are being made on the Joe B. Williams at West Louisville.

It is reported that the New South will go from New Orleans to St. Louis to run in a good trade.

The Julian Poydras is on her way up from New Orleans to go on the Marine Ways at Madison for a thorough repairing.

A catfish five feet long was caught in a hole in Salt river a few days ago. He was killed by a blow on the head with an ax.

The hull of the L. H. Buhrman has been raised and taken to Green river. The upper works were burned some time ago.

Cincinnati will be represented by a body of at least 150 representative merchants at the convention of the Ohio Valley Improvement Association.

The steamer Courier was let into the water off the Queen City Marine Ways yesterday, and will resume her trips in the local trade Monday. She is almost a new boat.

The steamboatmen have bestowed numerous congratulations on Government Inspectors Gordon and Lundbeck at St. Louis on being exonerated of the charges made against them a few months ago. The charges are said to have emanated from spitwork growing out of the Wiggins Ferry Company strike.

The Gertrude arrived at New Orleans from Pittsburgh and has left there for the Chattanooga river, where she will take the place of the only boat that ever carried turpentine in the hulk, but was destroyed by fire. The Gertrude is owned by the Standard Oil Company, which controls the entire output of turpentine on the Chattanooga river and which will use the Gertrude in carrying turpentine in hulk.

The showers of Tuesday on both sides of the river have caused the feeders and tributaries to run out considerably, and caused the river to rise here. The rain was general all the way up the river. Kanawha coal men are figuring on shipping six-foot barges out of that district within the next 48 hours on the wave which is thought to be coming out of the mountains from the water-shed in southwestern Virginia, southeastern West Virginia, northwestern North Carolina and southeastern Tennessee. Not more than 2,000,000 bushels of coal can be shipped out of that district as there has been a scarcity of empty craft in the pools. At Pittsburgh indications now point to a coal-boat rise. The Monongahela and Allegheny rivers are rising rapidly at up-river points from the effects of the heavy rainfall, which during the past two days has been nearly three inches over the water sheds.

A Well-Dressed Man!

Makes you stop and consider the very important point, "Do I look like him, or am I shabby?" I wonder what it costs him to look like that? NOW LISTEN: If he lacks good judgment it costs him a lot of money. If he places himself in our hands it doesn't. We endeavor to place every man that deals with us under obligations to us—and then he starts out to cancel that obligation by bringing in a friend, who becomes a customer, and who in turn starts out to bring his friends—and so on.

How do we place a customer under obligations to us? We give him all that his money calls for and more than he expects, consider his whims and feelings and pocket-book. He's pleased, and he can't help telling his friends. Thus the good work goes on.

YOUR KIDNEYS ARE THEY WELL?

Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered kidneys. A simple test for kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.

Some Pronounced Incurable

Mr. G. A. Stilson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

Had Lumbago and Kidney Trouble

Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."

This is unusual. The earning capacity of a man generally begins to decrease with years. But the above quotation was written of a policy of life insurance in The Mutual Life Insurance Company of New York. It is the striking sentence in a letter of satisfaction written by Mr. Ebe Walter, concerning a dividend received on a Fifteen-Year Distribution policy. The entire letter which appeared in the Wilmington (Del.) News, November 21, 1902, is interesting and the policy of insurance referred to is still more so.

In writing for terms on a policy of this kind, state what you would like to receive in cash at the end of limited payment period, amount you would like your beneficiary to receive in event of your death, and give your age.

Gained Forty Pounds in Thirty Days.
For several months our younger brother had been troubled with indigestion. He tried several remedies, but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the Tablets.—Holley Bros., Merchants, Long Branch, Mo. For sale by J. Jas. Wood & Son.

MISS ROSE OWENS,
No. 720 Seventeenth St., WASHINGTON, D. C.
"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."
WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual organs. It strengthens the nervous system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.
WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

If you are a suffering woman we would say to you that Wine of Cardui seldom fails to completely cure any case of female ills. We say emphatically, it never fails to benefit. Every day hundreds of sufferers are writing to our Ladies' Advisory Department. The letters are opened by persons competent to give advice. Mrs. Jones was cured by following the advice which was freely given her by the Ladies' Advisory Department. Miss Owens was cured without advice by just buying a \$1.00 bottle of Wine of Cardui from her druggist and taking this great medicine in the privacy of her home. No doctor's examination, treatment or advice is necessary. You have read what these two cured women have written. Is this not enough to lead you to determine to be rid of suffering?
August 13, 1900, Mrs. W. H. Jones, of Cameron, Mo., writes:
"I suffered terribly at monthly periods for three years. I would sometimes go for seven months with no flow at all. Now I have my health back again and am expecting to be confined in January. I cannot praise your medicine enough."
